Place of Use

LEGAL DESCRIPTION OF AUTHORIZED PLACE OF USE

Tract No. 1

The H.E. Survey 269 embracing a portion of approximately Section 4, Township 38 North, Range 43, E.W.M., Pend Oreille County, Washington, more particularly bounded and described as follows: Beginning at Corner No. 1, identical with the South Quarter corner of Section 33, Township 39 North, Range 43, E.W.M., thence North 89°57′ East, 10.01 chains to Corner No. 2; thence South 3 minutes West, 10.97 chains to Corner No. 3; thence South 89°57′ West 10.01 chains to Corner No. 4; thence North 1 minute East, 10.97 chains to Corner No. 1 and place of beginning.

Tract No. 2

That part of Government Lot 14 in Section 4, Township 38 North, Range 43 E.W.M., Pend Oreille County, Washington described as follows: Beginning at the North Quarter Corner of said Section 4; thence southerly along the east line of said Government Lot 14 to the Southeast corner of said Government Lot 14, a distance of 1394 feet, more or less; thence North 75°25′ West, a distance of 346.2 feet; thence North 0°03′ West, a distance of 1, 248 feet, more or less, to a point on the southeasterly line of Bull Moose Claim as shown on Supplemental Plat of said Section 4 by the U.S. Supervisor of Surveys, and dated March 5, 1928; thence North 29°17′ East, a distance of 69.9 feet, more or less, to the North line of said Government Lot 14; thence Easterly along the North line of said Government Lot 14, a distance of 300.3 feet, more or less, to the point of beginning. Tract No. 3

South Half of the North Half of the Southwest Quarter of the Southeast Quarter (5½N½SW½SE½); South Half of the Northeast Quarter of the Southeast Quarter of the Southwest Quarter (5½NE½SE½SW½); Southeast Quarter of the Northwest Quarter of the Southwest Quarter (5E½NW½SE½SW½); East Half of the Southwest Quarter of the Southeast Quarter of the Southwest Quarter (5E½SE½SW½); Southeast Quarter of the Southwest Quarter (5E½SE½SW½); Southwest Quarter of the Southwest Quarter of the Southwest Quarter of the Southwest Quarter of the Southeast Quarter (5W½SW¾SE½); North Half of the Southeast Quarter of the Southeast Quarter (N½SE½SW¾SE½); and the Southwest Quarter of the Southeast Quarter of the Southwest Quarter of the Southeast Quarter (5W¾SE½SW¾SE½); all in Section 33, Township 39 North, Range 43, W.W.M., Pend Oreille County, Washington.

Proposed Works

4 wells with submersible pumps, irrigation system

Development Schedul	e			
BEGIN PROJECT	COMPLETE PROJECT		PUT WATER TO FULL USE	
Started	July 1, 2014		July 1, 2015	
Measurement of Wate	er Use			
How often must water	use be measured?	Weekly	/	
How often must data l	be reported to Ecology?	Upon F	Request by Ecology	
What volume should b	e reported?	ted? Total Annual Volume		
What rate should be re	eported?	Annual Peak Rate of Withdrawal (gpm)		

Provisions

This authorization to make use of public waters of the State is subject to existing rights, including any existing rights held by the United States for the benefit of Indians under treaty or otherwise.

Nothing in this authorization shall be construed as satisfying other applicable federal, state, or local statutes, ordinances, or regulations.

Wells, Well Logs and Well Construction Standards

All wells constructed in the state shall meet the construction requirements of WAC 173-160 titled "Minimum Standards for the Construction and Maintenance of Wells" and RCW 18.104 titled "Water Well Construction". Any well which is unusable, abandoned, or whose use has been permanently discontinued, or which is in such disrepair that its continued use is impractical or is an environmental, safety or public health hazard shall be decommissioned.

All wells shall be tagged with a Department of Ecology unique well identification number. If you have an existing well and it does not have a tag, please contact the well-drilling coordinator at the regional Department of Ecology office issuing this decision. This tag shall remain attached to the well. If you are required to submit water measuring reports, reference this tag number.

Installation and maintenance of an access port as described in WAC 173-160-291(3) is required.

Measurements, Monitoring, Metering and Reporting

An approved measuring device shall be installed and maintained for each of the sources identified by this water right in accordance with the rule "Requirements for Measuring and Reporting Water Use", WAC 173-173. Additional measuring devices may be needed to accurately record that amount of water which is used for the fish propagation/pond filling portion under this permit.

WAC 173-173 describes the requirements for data accuracy, device installation and operation, and information reporting. It also allows a water user to petition the Department of Ecology for modifications to some of the requirements.

Water Use Efficiency

The water right holder is required to maintain efficient water delivery systems and use of up-to-date water conservation practices consistent with RCW 90.03.005.

Proof of Appropriation

The water right holder shall file the notice of Proof of Appropriation of water (under which the certificate of water right is issued) when the permanent distribution system has been constructed and the quantity of water required by the project has been put to full beneficial use. The certificate will reflect the extent of the project perfected within the limitations of the permit. Elements of a proof inspection may include, as appropriate, the source(s), system instantaneous capacity, beneficial use(s), annual quantity, place of use, and satisfaction of provisions.

Schedule and Inspections

Department of Ecology personnel, upon presentation of proper credentials, shall have access at reasonable times, to the project location, and to inspect at reasonable times, records of water use, wells, diversions, measuring devices and associated distribution systems for compliance with water law.

This permit shall be subject to cancellation should the permittee fail to comply with the above development schedule and/or to give notice to the Department of Ecology on forms provided by that Department documenting such compliance.

Dated this 9th day of July, 2013, at Spokane, Washington,

Department of Ecology
